

## IS-BAO Workshops in Sao Paulo, Brazil August 15<sup>th</sup> and 16<sup>th</sup> 2013

The International Business Aviation Council (IBAC) is conducting the *Fundamentals of IS-BAO* and *IS-BAO Auditor Workshops* at the following location on August 15<sup>th</sup> & 16<sup>th</sup>, 2013 (respectively) from 0800 to 1600:

Aerogrips  
Rua do Rocio, 423 - Sala 203  
Vila Olímpia - São Paulo - SP  
Telefone - 11 3845-2393  
[aerogrips@aerogrips.com.br](mailto:aerogrips@aerogrips.com.br)

This Fundamentals of IS-BAO Workshop is designed to:

- Assist operators with their IS-BAO implementation efforts, and
- Provide a practical approach to managing an SMS based on ICAO principles.

The Fundamentals of IS-BAO Workshop agenda includes:

- Background and general information about IBAC the IS-BAO,
- Implementing and managing an SMS based on the ICAO framework,
- Implementing and improving the procedures related to safety, training, operations, maintenance, operations manuals, emergency response plans, environment, and security.
- The Audit Process (Both Internal and Registration Audit).

The IS-BAO Auditor Workshop is designed to:

- Train IS-BAO Auditors to conduct IS-BAO Registration Audits,
- Train IS-BAO Support Services Affiliates and Internal Auditors so they can effectively conduct Internal Evaluations and Gap Analyses, and
- Provide essential training for anyone interested in validating SMS performance.

The IS-BAO Auditor Workshop agenda includes the following:

- Audit Terminology,
- Auditing Principles,
- Audit Procedures,
- SMS Performance Evaluation
- Preparing Audit Findings, and
- Preparing Audit reports.
